

Position: Private Equity Intern

The Firm:

Aqua Capital is an independent Private Equity firm focusing on growth investments for mid-market companies throughout the Brazilian and South American agribusiness value chain. We aim to be the preferred partner for mid-sized and high-potential companies. We support the transition of family-owned companies and management teams combining operational expertise with an entrepreneurial approach.

Aqua Capital offers opportunities to grow personally and professionally, by being exposed directly to the portfolio companies and to a variety of different issues and clients in a challenging and meaningful context.

Location: São Paulo, SP.

Working hours: Monday to Friday; up to 30 hours per week.

Plan to graduate: Between December 2016 until June 2017.

Benefits: To be negotiated.

Main Responsibilities:

The Intern will report directly to the Investment Team and will be responsible for financial analysis, market research, data search, preparation, analysis and provision of business modelling, financial projections, valuation and internal presentation.

Competences and Experiences:

Fluency in English (Spanish is a plus);
Strong Excel, Word and Power Point knowledge;
Previous experience in financial modeling is a plus;
An ongoing undergraduate degree in business, finance, economics and engineering from a top tier university;
Excellent written and oral communication skills;
High energy, creative thinker, and strategic influencer;
Strong Sense of Discipline;
Strong level of autonomy, highly motivated, hands-on and dynamic;
Proactively take action to solve issues. Be one-step ahead;
Willingness to learn and work in a hands-on environment.
