

CAU Scholarship Program for Students from Brazil (2023)

1. Introduction

China Agricultural University (CAU) is a first class public university of the country, and has three subjects listed in the top 10 universities in the world by USNews Best Global Universities Ranking in 2023. The history of CAU can be traced back to the College of Agriculture of the Imperial University of Peking established in 1905.

Over recent years, not only agriculture science related subjects of CAU remain among the top 10 in rankings of QS, US News and ARWU, but also nine subjects, namely Biology, Agricultural Engineering, Food Science and Engineering, Crop Sciences, Agricultural Resources and Environment, Plant Protection, Animal husbandry, Veterinary Medicine, and Agrostology, are classified as National First-class Disciplines. There are 76 undergraduate majors, 33 subjects for Master degrees and 23 subjects for Doctoral degrees. CAU has over 1700 professors, 13000 undergraduate students and 12000 postgraduate students.

Over recent years, in an effort to open its education resources wider to the outside world, CAU has developed friendly cooperation with more than 200 world universities, research institutions, and international organizations in more than 50 countries. CAU, together with Cornell University, Wageningen University, University of California, Davis, and University of Sao Paulo, has established the Agrifood 5 Alliance. CAU has also established an Agricultural Education, Science and Technology Innovation League, which includes 40 agricultural and forestry universities in China and 35 international universities. CAU carries out policy dialogues, research, and international development projects with major organizations, including Food and Agriculture Organization of the United Nations, World Food Programme, United Nations Development Program, UN Office for South-South Cooperation, World Bank.etc.
