

APPLICATION DEADLINES FOR 2016/2017:

July 31th 2016

Application form is available at
www.medfor.eu.

ADMISSION CRITERIA

The MEDfOR Master Course is open to non-EU and EU students.

Admission requirements:

- A good first university degree on the areas of economics, engineering, forestry, natural resources or social sciences
- High proficiency in English

All MEDfOR courses are held in **English**

You may start your degree in the University of Padova, Lisbon or Lleida!

Professional Opportunities

In this Master degree we will equip students with a solid scientific habilitation and the competences for careers in innovative fields of work within the Mediterranean forestry supply chain. It will both provide the basis needed for students to pursue academic opportunities and the qualifications needed to fill positions in all Mediterranean forestry supply chain segments. Students who want to pursue an international career will have a strong advantage.

- ✓ Private Sector: industry and companies linked to the forestry sector
- ✓ Research Institutes and Universities
- ✓ Associations of Agro and Forest Producers / Owners
- ✓ Government offices, Municipalities
- ✓ International Institutions (e.g. FAO,...)
- ✓ NGO's (e. g. WWF,...).

About MEDfOR

MEDfOR is a two-year world-class Erasmus Mundus Master Programme.

MEDfOR focus on the integrating theme of sustainability and management in forests and woodlands and **addresses topics that are specific to the Mediterranean forestry and that require special attention** such as: forests as unique world heritage, forest management and conservation and forestry role in the welfare of the Mediterranean communities.

The **main objective** of the Programme is to bring together the best expertise, human resources and facilities to educate **the next generation of leaders in forestry and** to contribute to solutions on forest and natural resources management and address environmental issues throughout the Mediterranean regions and the world.

MEDfOR is the **only program** in Europe or elsewhere that simultaneously addresses the economic, ecological and social challenges of sustainable Mediterranean forestry and natural resources management.

Course Structure:

The MEDfOR Programme offers an International MSc degree. It requires the completion of 120 credits (ECTS) over two years in a Consortium of Universities. This corresponds to 3 semesters of coursework, being one a specialization. The 4th semester is to prepare the Master dissertation.

The student will obtain a **Double, Multiple or Joint Degree**.
The official language of MEDfOR is **English**.

MEDfOR Consortium

MEDfOR relies on a consortium that includes globally **top ranked universities** and leading **international research and outreach organizations** in all scientific areas of interest to the Mediterranean:

- ✓ University of Lisbon, Portugal (UL)
- ✓ University of Padova, Italy (UP)
- ✓ University of Lleida, Spain (UdL)
- ✓ University of Valladolid, Spain (UV)
- ✓ Technical University of Karadeniz, Turkey (KTU)
- ✓ University of Tuscia, Italy (UT)
- ✓ Portuguese Catholic University, Portugal (UCP)
