ISSN 1678-992X

Vol. 74

No. 1

January/February 2017

**Cover image** - The image shows the animals of *Bos indicus* in the feedlot system. This breed represents about 80% of Brazilian herd. The calibration of Davis growth model was performed for the largest national database of *Bos indicus*, based on the Nutrition and Animal Growth Laboratory (LNAG) at ESALQ - University of São Paulo, Brazil. **Credit:** Malibu Confinamento.
